The ultimate in flexibility

OPTION 1: Eclipse

Change from left to right. Ideal for large practices & government departments.

OPTION 2: Floor Mount

The answer when you need to upgrade your dental unit & wish to maintain existing plumbing or chair. (No floor box required)

OPTION 3: Chair Mount

No floor box required. This neat, simple solution gives the smallest footprint available.

OPTION 4: Mobile Cart

For small surgeries with minimal space, used in conjunction with 12 o'clock suction.

OPTION 5: Wall Mount

The perfect solution for surgeries with limited space, also used in conjunction with 12 o'clock suction.
